MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

JANUARY 27, 2004

Over the past two years, Dr. Thomas Garthwaite has repeatedly expressed his intent to renegotiate the medical school affiliation agreements. Last week, the Board was informed that the Department of Health Services has not entered into renegotiations of UCLA and USC's medical school affiliation agreements. In light of the current issues with the affiliation agreement with Drew University, it is critical that renegotiations of all medical school affiliations are conducted simultaneously to strengthen the expectations and relationships between the Department of Health Services and all the medical schools.

I, THEREFORE, MOVE that the Board of Supervisors direct the Director of Health Services and the Chief Administrative Officer to report back in one week with a timeline and steps to be taken to complete the renegotiations with UCLA and USC.
